About Us

The Youth Green Deal is a Midi project which involves 7 partners: Catalonia, Belgium, France, Italy, Palestine, Jordan, Morocco and Tunisia, the coordinating party.

It sheds light on the challenge of climate change and the engagement of youth volunteers into the environmental issues(eco-volunteering) .

The YGD will result in strengthening the North South partnership as well as creating a model to follow concerning dealing with climate change in each country.

YGD is made up of two Steering Team Meetings in Tunisia and Spain, three trainings in Tunisia, Belgium and Jordan and four eco-camps in Tunisia, Morocco, Palestine and Spain.
